

ALBUQUERQUE EASTERN.

Contract Accepted by Citizens' Committee at Meeting Last Night.

TO BE IN OPERATION JAN. 1, 1904.

The following is the contract with the Albuquerque Eastern Railway company for terminal sites and entrance to the city accepted by the citizens' committee last night:

Contract.
This agreement, made by and between C. F. Myers, mayor of the city of Albuquerque, G. L. Brooks, W. S. Strickler, parties of the first part, and the Albuquerque Eastern Railway company, a corporation, incorporated under the laws of the territory of New Mexico, and Arthur Kennedy, Francis Torrance and T. Lee Clark, parties of the second part:

Witnesseth, That whereas the said party of the second part submitted to the said C. F. Myers, mayor of the city of Albuquerque, a proposition to be acted upon by the citizens and property owners of said city, for the construction of a line of railroad from a point at or near Moriarty on the line of the Santa Fe Central railway company's road (said last mentioned road being now under construction) to the city of Albuquerque, upon certain terms and conditions therein set forth, among others that the citizens and property owners of the city of Albuquerque should donate to said company the right of way from the point where the survey of said line of road comes from the mesa into the Rio Grande valley, thence into the city of Albuquerque, and also lands for its terminals, machine shops, round houses, yards, turnouts, switches and depots in the city of Albuquerque to be selected by the said party of the second part; and, whereas, said proposition contemplated the deposit of the deeds conveying said concessions and donation to be deposited in escrow in some bank in the city of Albuquerque, in accordance with the terms of said proposition; and, whereas, the said proposition was accepted and the land for the purpose aforesaid was selected and designated by the said party of the second part; and, whereas, the agreements between the citizens and property holders aforesaid have not been clearly expressed and embodied in a single instrument, but are expressed in sundry letters and communications; and, whereas, the time for procuring deeds to said lands and depositing the same in escrow in the bank, as contemplated and provided for in the several communications from the said executive committee of said citizens and property owners and the party of the second part, has expired, and the citizens and property owners of the city of Albuquerque are anxious to have the construction of said railroad under way and prosecuted without delay, and that the same may be completed as speedily as possible; and, whereas, the said party of the second part is ready and willing to carry out its agreement in accordance with the said propositions and prosecute the construction of said road without delay;

Now, therefore, for the purpose of embodying the result of all said communications and negotiations in one instrument, in consideration of the promises and the sum of one dollar to them in hand paid, the receipt of which is hereby acknowledged, and the mutual covenants and agreements herein contained to be performed by the party of the second part, said parties of the first part covenant and agree with the party of the second part to procure and cause to be deposited in escrow good and sufficient deeds and conveyances, conveying to said party of the second part a good title in fee simple, free from incumbrances and liens of all kinds, and free from expense to the party of the second part, conveying to it the lands, right of way, appurtenances and easements situated in and contiguous to the city of Albuquerque, county of Bernalillo, and territory of New Mexico, for the purposes aforesaid, and described as follows, to-wit:

1st. All that certain tract of land north of the mountain road, the woolen mills and the county addition, and east of the Atchison, Topeka & Santa Fe railway right of way, belonging to John A. Lee, J. H. Bearup, N. G. Romero and A. Garcia; containing thirty-five acres, more or less, as shown by the map hereto attached marked "Exhibit A;" also the right of way to be not less than three hundred (300) feet in width, required for the main line of the said railroad, for a distance of two thousand (2,000) feet from the north boundary of the last above described tract in a northerly direction, as the line of said railroad has been surveyed by the party of the second part, and from the northern terminus of said two thousand feet to a point where the survey of said railroad comes into the valley of the Rio Grande, down the arroyo near the Presbyterian Indian school, and right of way to be not less than one hundred (100) feet in width.

2nd. The right of way from the south line of the said tract of thirty-five acres, said above mentioned, running in a southerly direction to the south line and near the east end of the Southwestern Brewery & Ice company's property, said right of way to be not less than one hundred (100) feet in width.

3rd. The right of way from the point where the survey of said road of the party of the second part descends from the mesa down the said arroyo into the valley and turns south to a point east of the right of way of the Atchison, Topeka & Santa Fe Railway com-

pany, where it is practicable to run a line parallel with the spur constructed or being constructed by the last named company for the use of the American Lumber company, to be west of the right of way of the A. T. & S. F. Railway company and not less than one hundred (100) feet in width. Said right of way to be selected and designated by the party of the second part.

4th. The right of way from the point where it is practicable to run parallel with said spur, as specified in the last preceding paragraph (third), parallel with said spur to the mills of the said American Lumber company and said right of way to be not less than thirty (30) feet in width.

5th. All that portion of that certain tract of land known as the A. J. Gentle tract of land, lying west of the street in said city of Albuquerque known as "Broadway," which said tract of land, including the portion thereof east of Broadway, is described as follows: Beginning at the intersection of the right of way of the Atchison, Topeka & Santa Fe Railway company and the north line of said Washington avenue, and running thence east along the north line of said Washington avenue to a point one hundred and forty-two (142) feet west of the intersection of said line and the east line of Broadway; thence from said point parallel with the said west line of Broadway to the north line of Carroll avenue; thence with the east line of said tract as shown on the printed map of the city of Albuquerque, compiled by W. C. Willets, and now in general use in said city, following and including the irrigation ditch now in use, to the north line of said tract hereby contracted to be conveyed; thence west with the south line of the land of A. Bratina, to the south-west corner of the land of said Bratina, thence easterly and northerly in a meandering line with the west line of said Bratina to the south line of the Southwestern Brewery and Ice company's property; thence with the last mentioned line to the east line of the right of way of the said Atchison, Topeka & Santa Fe Railway company; thence with the said last mentioned line to the place of beginning. Bounded on the north by the lands of the said Southwestern Brewery and Ice company and said Bratina; on the east by the said line parallel with Broadway and the east line of said ditch, and including the said ditch; on the south by Washington avenue, and on the west by the right of way of the said Atchison, Topeka & Santa Fe Railway company, excluding from the land above described all lots or parcels of land which have been sold or conveyed at the date of the execution of this instrument within the tract above described and agreed to be conveyed on the east side of said tract and north of the north line of Carroll avenue, if extended. And for a further description of said tract, reference is hereby made to map hereto attached, marked "Exhibit B."

Said deeds of said lands, rights of way, easements and appurtenances shall be deposited by the parties of the first part in one of the banks in Albuquerque on or before the first day of January, A. D. 1904.

6th. Should the said parties of the first part fail to so procure and deposit said deeds within the time aforesaid, then the said party of the second part shall have the right to purchase said land, right of way, appurtenances and easements, or acquire title thereto by condemnation proceedings, and in that event, said parties of the first part agree and covenant with the party of the second part to reimburse the said party of the second part, and repay to it all money, costs and expenses, paid, laid out and expended by the said party of the second part, for the purpose of so acquiring said lands, right of way, easements and appurtenances, or any part thereof.

7th. Said parties of the first part shall have the right to use the name of the party of the second part and institute proceedings therein for the purpose of condemning any part or all of the said lands, right of way, easements and appurtenances, for the use of said party of the second part, and to control and direct such proceedings. Should said parties of the second part avail themselves of this provision they hereby agree to pay all costs and damages and expenses that may be incurred thereby, including the costs of the property condemned, court costs and attorney's fees.

8th. It is further covenanted and agreed that said party of the second part shall not be delayed in the building, construction and completion of its said road by the failure of said parties of the first part to procure title to said lands, right of way, easements or appurtenances, or any part thereof, whether the same is procured by purchase or condemnation, and said parties of the first part hereby covenant and agree to indemnify and save harmless said party of the second part for any loss or damage it may sustain by reason of such delay.

9th. Said party of the second part on its part, binds itself to commence the construction of said road where the grade now ends and prosecute it with all reasonable speed and diligence until same shall have been fully completed. Said party of the second part, however, shall not be responsible for unavoidable delays in construction caused by strikes or inability to procure necessary material and equipment and not caused by any default on its part, and further agrees and binds itself, subject to the foregoing exceptions, to have said railroad completed and in operation into the city of Albuquerque on or before the first day of January, A. D. 1904.

10th. Said railroad when completed by the party of the second part shall be a standard gauge railway from Albu-

"I am well now and enjoying better health than ever before in my whole life."

That is the statement of a woman who had never been well until she was made well by the use of Dr. Pierce's Favorite Prescription. There are a great many other women in like case. They have always been suffering from disease. They have never known the joy of perfect health.

For all such women Dr. Pierce's Favorite Prescription holds out the prospect of perfect and permanent health, by the cure of the womanly diseases which weaken women. It establishes regularity, dries weakening drains, heals inflammation and ulceration, and cures female weakness. It makes weak women strong and sick women well.

"It gives me pleasure to let you know of the great benefit received from Dr. Pierce's medicine and the advice which you so kindly sent," writes Mrs. Bertie Parker of Houston, Texas. "I took your 'Favorite Prescription' for Golden Medical Discovery and Pleasant Pellets, and followed your advice regarding 'Lotion Tablets,' and am cured. I had been treated by different doctors and spent one hundred dollars for treatment and medicine, but received very little relief. I have only spent seventeen dollars and fifty cents for your medicine and it has cured me in three or four months of ulceration and falling of uterus. I suffered severe misery in my back, also irregular periods. My bearing-down in lower portion of body and great pain all through my body. Pain in uterus was very severe. Had another spell, breath was very short all the time, had pain in stomach, pain in my thighs, pain in breast, also between my shoulders. Bowels constipated. I am well now and enjoying better health than ever before in my whole life. Am happy to tell you that I was cured by your good advice and good medicine. The 'Favorite Prescription,' 'Golden Medical Discovery,' 'Pleasant Pellets' and 'Lotion Tablets.' These medicines cured me and will cure others also."

The dealer who offers a substitute for "Favorite Prescription" does so to gain the little more profit paid on the sale of less meritorious medicines. His profit is your loss, therefore accept no substitute.

Dr. Pierce's Pleasant Pellets regulate the bowels.

quereque and connect with the railroad known as the Santa Fe Central Railway, now being built, to connect with the Rock Island and El Paso & Northeastern railroads, already constructed into the city of El Paso, Texas, so that when said line from Santa Fe south to said connection and the Albuquerque Eastern railway shall have been constructed, the said city of Albuquerque will thereby have a connection with the Denver & Rio Grande railroad at Santa Fe and with the city of El Paso from the Chicago, Rock Island & Pacific and El Paso & Northeastern roads.

11th. The said party of the second part further agrees and binds itself to establish and maintain its business headquarters and general offices at Albuquerque and to locate its freight and passenger depots within the present limits of the city of Albuquerque.

12th. If the said parties of the first part shall cause the title papers and deeds to the said property above mentioned to be donated to the party of the second part, to be deposited in escrow, as hereinbefore provided, the said deeds and title papers shall not be delivered to the said party of the second part, its successors or assigns, until the said railroad has been constructed and is in operation from the city of Albuquerque so as to form the connections hereinbefore mentioned.

13th. Said party of the second part covenants and agrees with the parties of the first part, that if it should fail to build and complete the said railroad and put the same in operation as provided by the terms of this agreement, that it will take and accept the deeds to any part or all of the lands, right of way, easements and appurtenances purchased, or acquired by the parties of the first part for its use, under the terms of this agreement, and repay to the said parties of the first part all money, costs and expenses expended in acquiring title to the same provided the title so acquired is a valid and good title, free from all liens and incumbrances.

14th. Nothing herein contained shall be construed as requiring the parties of the first part to furnish right of way across the Atchison, Topeka & Santa Fe Railroad company's right of way at the intersection of the said roads.

15th. Party of the second part further covenants and agrees that the main line of the Albuquerque Eastern railway shall be built through Tijeras canyon approximately as indicated by the profile map heretofore filed with the secretary of the territory, except as to said changes within said Tijeras canyon as the chief engineer of said road may deem necessary for the economical and proper construction thereof.

In witness whereof, The said parties of the first part have hereunto set their hands and seal, and the party of the second part by resolution of its board, of directors, has caused these presents to be executed in its name and its corporate seal to be hereto affixed on the date and year first mentioned.

The Perfect Liver Medicine.
Mrs. M. A. Jolley, Noble, O. T., writes: "I have used Herbine for a number of years, and can cheerfully recommend it as the most perfect liver medicine, and the greatest blood purifier. It is a medicine of positive merit, and fully accomplishes all that is claimed for it. 'Malaria cannot find a lodgment in the system while the liver is in perfect order, for one of its functions is to prevent the absorption of fever producing poisons. Herbine is a most efficient liver regulator. 50c at J. H. O'Reilly & Co."

Arrest of Chinese.

Jim Bennett, who was arrested by Chinese Inspector Webb at Fairbank a few days since charged with smuggling Chinese into this country from Mexico, has been bound over to appear before the next United States grand jury. The two Chinamen who were caught with him have not been given a hearing yet, but will have one on Friday next. Attorney Tom Flannigan

is looking after their interests and hopes to have evidence enough by that time to prove that they are natives of this country. The government officials have been aware of the fact that the smuggling of Chinese has been going on in this country and have been watching several parties. The grand jury at its recent session found an indictment against two parties for bringing in Mongolians and hence warrants have been issued for their arrest.—Tomlinson Prospector.

Repulsive Features.

Blackheads, pimples, greasy faces and muddy complexions, which are so common among women, especially girls at a certain age, destroying beauty, disfiguring and making repulsive features which would otherwise appear attractive and refined, indicate that the liver is out of order. An occasional dose of Herbine will cleanse the bowels, regulate the liver and so establish a clear, healthy complexion. 50c. at J. H. O'Reilly & Co.

ANDREWS OPERATES IN ARIZONA.

\$150,000 Paid for Tres Amigos—Valuable Gold Property.

Yesterday J. P. Owens closed the purchase of the Tres Amigos' gold mines of Oro Blanco, S. W. Champion of Alhambra, Cal., being the vendor. The price paid was \$150,000. The purchaser was Col. William Andrews of New Mexico and a number of Pittsburgh capitalists.

The Sorrel Pot group has also been sold. The purchasers were Col. William Andrews, and the price paid was \$75,000. Both properties will be consolidated, making one of the largest groups of mines in southern Arizona. Colonel Andrews and his associates will take hold of these properties and develop them with vigor, and as fast as money and men can do the work.

This purchase is likely to bring Colonel Andrews into Arizona, which with his reputation as a political boss of Pennsylvania will make our republican brethren exceedingly happy.

"Colonel" Bill Andrews of Arizona. That sounds like statehood.

Mr. Owens left for Pittsburgh last night to meet with the purchasers of these promising mines.—Tucson Star.

VERY ANNOYING.

This Hardly Expresses What Albuquerque People Say of It.

Any itchininess of the skin is annoying.

Little danger in itching skin diseases.

But they make you miserable.

Doan's Ointment is a never failing cure.

For piles, eczema, all itching troubles.

Albuquerque citizens endorse it.

Mrs. R. E. Waite, rooming house, 202 North Second street, says:

"There came to my notice some time ago a case of eczema or of some disease of the skin, which had resisted all the efforts of the party to stop. Doan's Ointment was procured at the Alvarado Pharmacy and a course of the treatment commenced. It gave positive relief after an application or two and upon a continuation of it for some time the annoyance ceased. This information should be of untold value to residents of Albuquerque who are in quest of an article upon which they can depend to cure any itchininess of the skin or eruption thereof."

For sale by all dealers. Price, 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

Remember the name—Doan's—and take no substitute.

Appropriation for Indian Exhibit.

Prof. W. J. McGee, of the ethnological bureau at Washington, has been appointed chief of the department of anthropology and ethnology at the world's fair. The appropriation of \$40,000 made by the general government will be increased by the exposition authorities, making the total amount to be expended on Indian exhibits \$90,000.

Just About Bedtime.

take a Little Early Riser.—It will cure constipation, biliousness and liver troubles. DeWitt's Little Early Riser are different from other pills. They do not gripe and break down the mucous membranes of the stomach, liver and bowels, but cure by gently arousing the secretions and giving strength to these organs. Sold by B. H. Briggs & Co., S. PHILIPS-DODGE CO.

To Build Independent Line or Buy Santa Fe Branch to Fierro.

It is stated upon the best of authority, says the Silver City Enterprise that the Phelps Dodge company, whose extensive mining operations in southeastern Arizona have been the making of that country, have made a clean cut proposition to the Santa Fe, to buy their line from Deming to Fierro and that if the Santa Fe will not accept their offer, they will build an independent line of their own between these two points. The Phelps Dodge company have been preparing for some time past to open up their properties at Fierro and it is said they are now about ready to commence operations.

I came across Electric Bitters and it's the greatest medicine on earth for that trouble. A few bottles of it completely relieved and cured me." Just as good for liver and kidney troubles and general debility. Only 50c. Satisfaction guaranteed by all druggists.

Good News for Veterans.

It will be good news to the many veterans in New Mexico of the Indian war that Secretary of the Interior Hitchcock has made a ruling constraining the Indian war veteran act of the last congress to apply to all survivors who served thirty days or more in territorial organizations or home guards and participated in early Indian wars. The pension office has heretofore ruled that before pensions could be allowed applicants must show service in the United States forces, or pay by the United States. The secretary ridicules such a construction of the law as none of these troops were ever in the service of the United States. The ruling will permit the allowance of hundreds of claims in New Mexico heretofore rejected.

ALMOST A MOB.

Alleged "Scab" Handled Roughly in This City.

DETAILS OF THE AFFAIR.

Saturday night a mob of near a hundred union labor men appeared on the main thoroughfares of the city mockingly crying "scab" at a man hurrying with rapid strides and blowing a police whistle. The mob first began to gather on second street near the Club saloon, where Jerry Michaels, a supposed labor "scab," was recognized. Michaels left the saloon, going down Second street to Railroad avenue. The crowd continued to grow and the mocking cries grew until it reached a din. Michaels became more frightened and blew his whistle more frequent and in feverish tones. Finally near the intersection of the alley and Railroad avenue, between First and Second streets, he broke into a run. He dashed against the door of Everett's diamond palace, but on not gaining entrance ran at his best speed down First street toward Gold avenue. He was overtaken about half way of the block by a man, said to be a boilermaker, and "nocked down." Michaels gained his feet and took refuge in the Blanchard Meat and Supply company's market, where he was rescued thirty minutes later by the police.

It is claimed by union men who followed Michaels from Raton here that he "scabbed" in a Union Pacific strike some time ago. They also claim that Michaels was run out of Ogden, Utah, and Raton, N. M. It is claimed that Michaels had a book in his possession Saturday night that proves his identity. The identity question blanks had been filed out and then blurred by erasing, but by scrutinizing the page closely the name of N. C. Michaels is recognized and the address—135 Park Row, Jersey City.

It is also claimed that Michaels upon his arrival here, took the name of McDonald, but this cannot be verified.

Members of Mob Arrested.

Last night Marshal McMillin arrested a man by the name of Hein, who is supposed to have taken an active part in the mobbing of Michaels Saturday night. It is alleged by Michaels that Hein entered the Blanchard meat market and impersonated an officer of the law, dragged him from an ice box, where he had taken refuge, telling him to come with him and saying that he would protect him. Hein was seen at the city jail this morning, but refused to discuss the matter.

Michaels Talks.

Jerry Michaels, alias McDonald, spent the morning at the city building, where he was seen by a reporter.

"My name is Jerry Michaels. I am a native of Greece, but have been in the country five years and have my American citizenship papers; that is, I have them in New York."

"I worked on the Southern Pacific at Houston, Texas; leaving there I went to the Santa Fe at Raton and was transferred to Las Vegas. I went to work at the electric light works here on Thursday, at which place I worked 25 hours and drew \$8.40."

I will probably go to work again as soon as this thing blows over."

The affair has assumed rather an interesting phase. If Michaels is not a citizen of the United States it may end in international complications.

John A. Dwyer, alleged to be one of the crowd which created a disturbance on the streets Saturday night, lies at his home at the Columbus hotel suffering from
